WINTER IS HERE

If you're one of the unlucky ones to live on the East coast of the United States, then my condolences for that blizzard we all had to weather this past January.

It dumped over 20 inches of snow over three days, and in our fair city of Baltimore (and the county where we call our offices home), the snow stayed around a lot longer than anyone really cared for. Snowplows were scarce, and clean up was very, very slow... which meant school closures, road closures, and even Diamond Comic Distributors being closed a day due to the weather.

This gave people like me a chance to catch up on some TV (binge-watched the entire season of *Daredevil* on Netflix the Saturday of the blizzard!), and to catch up on some reading. It didn't help that I was fighting my annual "weird cold-like ailment" that is more annoying than anything else.

I can't wait for summer.

Until then, its business as usual here at ***PREVIEWS***, and this month we're honoring Women in Comics, those talented creators who write, draw, and work behind-the-scenes on all manner of comics, from self-published titles to mainstream hits. We've got a ton of mini-interviews with well over a dozen or more creators in this issue, and you'll find them throughout the March ***PREVIEWS*** at the front of the Comics Section, in our TalkAbout feature on page 20, our Indie Edge on 16, and even on the FlipSide of this catalog.

It's a great time to be reading comics, with a diverse and talented crop of creators producing titles for every age and interest. Be sure to look throughout this issue for great new comics and graphic novels by a new set of important voices in our industry.

That's all for this month. Thanks for coming along for the ride!

Your Pal @ ***PREVIEWS***,

> ***"It's a great time to be reading comics, with a diverse and talented crop of creators producing titles for every age and interest."***

VARIANT PLAY ARTS 改 ACTION FIGURE KAI

BATMAN™: TIMELESS – Bushido – Designed by HITOSHI KONDO

Release: JULY 2016 SRP $199.99

A NEW PLAY ARTS KAI THAT TRANSCENDS TIME AND SPACE

Our dream team of designers, sculptors, and engineers has each poured their heart and soul into creating the original designs of the VARIANT PLAY ARTS KAI figures. The TIMELESS series is their newest endeavor.

Legends Exist Regardless of the Time

Through generations, there has always been a force of justice that agents of crime, chaos and evil have contended with. Every incarnation of Batman that existed throughout time stood as a beacon of hope and a reflection of the age it is a part of. Utilizing and innovating the technology available, Batman is ever vigilant even in lawless times. These figures provide a chance to see the concept of the vigilante we know now envisioned through intriguing epochs of time.

"A Batman will always exist, as the Dark Knight is Timeless."

The TIMELESS series merges different eras and historical backgrounds with the BATMAN lore. Now a new entry joins the ranks, its concept derived from the samurai spirit of bushido, "the way of the warrior."

Figure also includes display stand and interchangeable hand parts.

Specs: PVC Action Figure
Package: Window Box

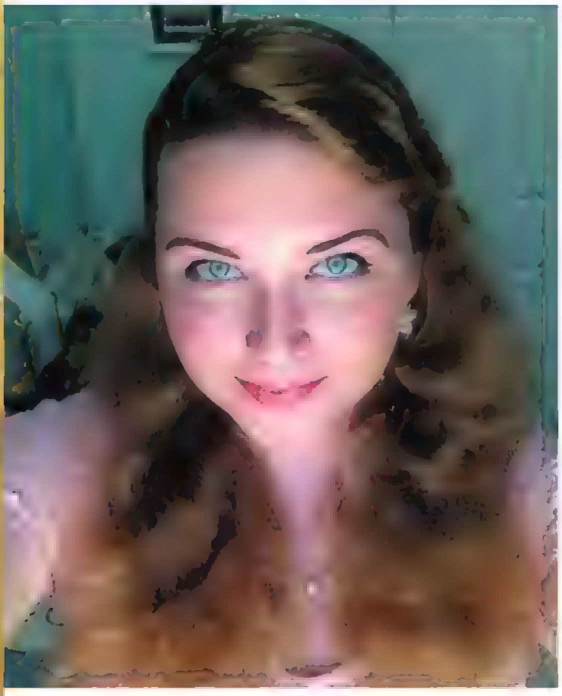
- *Insexts #1* (OCT151051)



What are you currently working on?

I am so grateful to be working on DC's Bombshells, Red Sonja, Angela: Queen of Hel, and my delightful creator-owned series, Insexts, with more announcements soon to come!

In your opinion, how has the comic book industry evolved in terms of gender?

Women were always reading comics. Now we're just visible. There's an awareness of a female readership — even if the audience accesses the stories through digital or trade paperback — and their importance in the community. You hate that comics are stereotyped as woman-hating or that comics readers or collectors are jerks? Make good, compelling art that brings people in. Don't be the bullies that gave you crud for the things you love.

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

As of the day writing this (January 28, 2016), it will have been 3 years since Scott Snyder asked me to work with him — pulled me aside after class in grad school one night, to be honest. In March of 2013, I met with Mike Marts at DC Comics, and July 2013, my first comic was published — the Batman Annual #2. I'm very proud to have worked with DC, Marvel, BOOM!, IDW, and Aftershock on everything from Batman and A-Force to Sleepy Hollow and Red Sonja.

Did you have a mentor or hero in the industry that inspired you to pursue a career in comics?

Scott Snyder, James Tynion IV, Kieron Gillen, Sean Murphy, and Mike Marts have all given me countless hours of encouragement, guidance, advice, and inspiration. They keep me focused and keep me sane!

If you could give advice to any aspiring editors, executives, writers, or artists, what would you tell them?

Make the story you want to read, create the story only you could tell, and make art every single day. I am not kidding on that last part. No excuses. No you're tired, you're stressed, you have other engagements, you were invited out tonight, you're uninspired — none of it. Artists don't have more hours in the day than anyone else. You make time for this, if this is what you want. You make this a priority. It is going to be a bastard of a long haul. But if this is what you love, if this is what makes you happy, there is nothing better to get to be doing.

What stereotypes do you see surrounding women in comics? How could people of all genders go about breaking those stereotypes?

The first problem feeds into the second. There's this tendency to have teams or casts that are six men and one woman. Or ten men and two women. And suddenly those women are required to represent the entirety of the female experience, which — trust me on this — no woman can do. The "isolated heroine experience" makes it so each woman has to be beautiful and strong but also not stronger than the male lead and also have to be romantically available but love guns but also not want him to go to his heroic thing because what if he gets hurt, and be funny and perfect but quirky and sexy — but not too sexy — because the villain's girlfriend is sexy and we want to make sure only certain kinds of sexuality are acceptable for good girls. It's absurd, and the answer, funny enough, is write more women. We are literally MORE than half of the world's population. PUT US IN YOUR FICTION.

How do you want to see women represented in comic books 10 years from now?

Like everyone else. Role models, villains, extras, EMTs, doctors, lawyers, housewives, sanitation workers, professors, henchmen, all of it. I want to see them everywhere, as everything. No more of this "each women must be everything." Write them are people. Don't fall back on someone else's take.

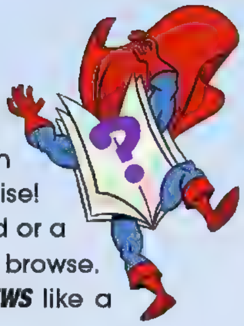
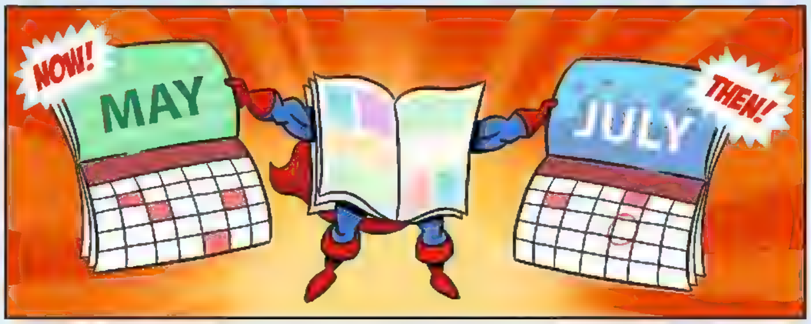
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more).** For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Break Down the Walls.

We're celebrating Women in Comics throughout this month's catalog, and we asked some pros how they see the fight for women's rights shaping up in the comics industry.

SHY ALLOT

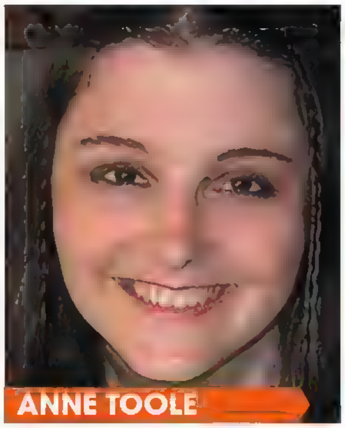
Marketing Director, Oni Press

How has the comic book industry evolved in terms of gender?

Women have always been in comics, but typically overlooked participants. I LOVE groups like the Valkyries, the Bitch Planet NC's, Black Girl Nerds, Femmes in Fridges, Women in Comics... I could go on for a while. We've banded together in the last few years, and, as it turns out, it's hard to be overlooked when there's thousands of us supporting, sharing, talking and creating.

What up-and-coming women creators would you recommend readers check out?

Paulina Ganucheau is killing it (as per usual) on ***Another Castle*** (JAN161582), Corin Howell's art on ***The Mighty Zodiac*** (FEB161673) has this old-disney feel that's just perfect. She's one of my favorites. I'm also disproportionately proud that Oni discovered Natalie Reiss' ***Space Battle Lunchtime*** (look for it in next month's previews), because her pitch came through so natural, it's not going to be long before she runs bartertown.



ANNE TOOLE

Writer, Creator Crystal Cadets

Did you have a mentor or hero in the industry that inspired you to pursue a career in comics?

Jeanette Kahn, though I never met her, was the President and Editor-in-Chief of DC Comics for awhile. That told me right away that women had a place in comics, despite how it might sometime appear. My friend, Adriane Nash (ComicMix), introduced me to comics and brought me to my first conventions, so without her and her mother, it might never have occurred to me to write comics. Mike Gold has also been a mentor.

How do you want to see women represented in comic books 10 years from now?

I'd like women to be represented in every way we exist in real life, except maybe with a few superpowers ;) Some of us are strong in different ways, shy in different ways, alive in different ways. I'd love to see that on the page. I wish the same for how men are represented, as well.

PANCHA DIAZ

Editor, Viz Media

How has the comic book industry evolved in terms of gender?

The fact that *Lumberjanes* even exists, and that it's an award-winning title, shows that the industry is moving in a more inclusive direction. Raina Telgemeier's YA girl-centric books are at the top of the best-seller lists right now. There are some fantastic female-led and female-created comics out there and it's an exciting time to be a reader.

What stereotypes do you see surrounding women in comics, and how do we go about breaking them?

Probably the most pervasive, pernicious stereotype is that women and girls don't truly belong in comics. The idea that comics are for boys is well-entrenched in this country, and I'm really looking forward to the day when comics in the US are seen more like Bande Dessinée in France or manga in Japan–a medium to tell a story, not a genre or a single market segment.

NANCY A. COLLINS

Writer

How has the comic book industry evolved in terms of gender?

It's still an issue, especially with certain segments of the fan-base, but it's nowhere near the stumbling block it used to be, even 20 years ago. Hopefully, within the next 10 years questions like this one will be moot.

What stereotypes do you see surrounding women in comics, and how do we go about breaking them?

If you mean women as they are depicted in comics, I would say the biggest stereotype involves that whole 'male gaze' thing. Breaking that stereotype is going to be difficult, especially in superhero comics. The second biggest stereotype is 1) all comics are superhero comics, and 2) women are incapable of writing superheroes. Luckily, that second part is being quickly refuted, with comics like G. Willow Wilson on *Ms. Marvel*, Becky Cloonan on *Gotham Academy*, and Amanda Conner on *Harley Quinn*, so maybe there's hope, after all.

Daisy Duck was created by Walt Disney in 1940 to be Donald Duck's girlfriend. She made her debut in *Mr. Duck Steps Out* in June 1940, when Donald visited Daisy, his new love interest. But while he is smitten with the lady, his rambunctious nephews – Huey, Dewey, and Louie – followed their uncle and fight for his attention. Donald and the boys take turns dancing with Daisy, all the while trying to get rid of each other. The boys feed Donald corn in the process of becoming popcorn, causing him to dance while the popping continues inside him. Daisy, impressed by his dancing, gives him plenty of kisses.

What's Cool in this Month's Catalog!

March 2016 | Edited By: **Allyn Gibson** | editor@PREVIEWSworld.com

STEVE ROGERS, THE ORIGINAL CAPTAIN AMERICA, SUITS UP ONCE MORE

The original Captain America returns to action this spring as Steve Rogers takes up the shield once more in Nick Spencer and Jesus Saiz's new *Captain America: Steve Rogers*, coming this May from Marvel Comics!

Aged to his true biological age due to the events of *Original Sin*, yet still vital and active thanks to the Super Soldier formula, Steve Rogers passed on the mantle of Captain America to his long-time protégé and ally Sam Wilson, the Falcon. With his youth now regained, Rogers can resume his role as the Sentinel of Liberty -- but not at the expense of Sam Wilson's new role. Donning a new costume, carrying a new shield, and working with a new support team, Rogers' mission as Captain America continues and none too soon -- HYDRA is back, and Rogers' long-time war against HYDRA is resumed!

Nick Spencer, the writer on Captain America: Sam Wilson, has chronicled Steve Rogers' adventures in *Secret Avengers*, and now he returns to the character in this new solo series. Joined by artist Jesus Saiz, *Captain America: Steve Rogers* will be a character-driven action extravaganza!

THEY SAID IT:

"It's a big year for all things Captain America obviously because of the anniversary and because the Captain America: Civil War film is coming out. So it felt like it was the right time to tell this story."

— Nick Spencer

Marvel Comics' celebration of Captain America's 75th-anniversary continues this May as the original Captain America is back, better than ever, in Spencer and Saiz's *Captain America: Steve Wilson!*

They attack a bank but leave the money behind. Who is behind the robotic attacks on the banks, and why did the perpetrators leave the bank vaults untouched? Lobster Johnson is on the case, and he'll face his greatest challenge yet! Joined by artist Tonci Zonjic, Arcudi's *Lobster Johnson: Metal Monsters of Midtown* is pulp-flavored action in a classic style!

With the top 1% owning more than the bottom half — and their percentage ever rising to levels of inequality not seen since the Gilded Age — the question of how to stem rising inequality has no easy answers. Kaare Kyle Andrews, the artist of *Spider-Man: Reign*, tackles the question in his new Image Comics series, *Renato Jones: The One%*, in an expected way! A vigilante is determined to rectify income inequality one billionaire at a time, and nothing will stand in his way in this politically-charged thriller!

Set in the near future, when humanity has abandoned a ruined and radioactive Earth, Archangel explores the creation of a new society and the human capacity to corrupt and destroy. A giant machine that wields cosmic powers, the Splitter, is creating a new home for humanity, and how the machine is used will determine humanity's future. What kind of world will it create? Will it be used to create a utopia, or will humanity's inherent selfishness and fear create a world out of our worst nightmares?

Joined by artist Butch Guice, William Gibson's *Archangel* is a powerful and memorable story about the possibilities and limitations of the human imagination!

75 Spirited Years: Will Eisner & The Spirit

Now running through March 7, 2016

Will Eisner's legacy in the world of comics is one of challenging the medium for all it was worth as he pushed the limits of form and function to get the greatest storytelling results possible.

In addition to championing the graphic novel, turning out "how to" instructions for the military, and inspiring multiple generations of creators, 75 years ago this master of the comic art form created The Spirit!

Join us for a retrospective on 75 years of The Spirit and a sampling of Will Eisner's other great works, **75 Spirited Years: Will Eisner & The Spirit** at Geppi's Entertainment Museum. Curated by Eisner's longtime friend, colleague and publisher Denis Kitchen, this exhibit showcases more than 50 pieces of original art and more!

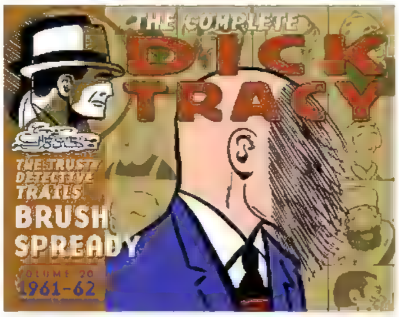
THE COMPLETE CHESTER GOULD'S DICK TRACY, VOL. 20: 1961–1962

writer/artist/cover
Chester Gould



THE COMPLETE DICK TRACY
THE TRUSTY DETECTIVE TRAILS
BRUSH SPREADY
VOLUME 20
1961-62

Dick Tracy embarks on a seven-month-long complicated manhunt when he relentlessly tracks the Brush and a million-dollar sack of cash—but with his foe on the lam without his trademark face wig, Tracy doesn't even know what the murderer looks like! The strip enters its fourth decade as **Chester Gould** also presents a poignant story that rivals the "Model" narrative, when Tracy has to protect Junior from disturbing news about an important figure from the boy's past. Included are all strips from February 20, 1961 through August 26, 1962.

CIGARETTE GIRL

writer/artist/cover **Masahiko Matsumoto**

Welcome to the quiet, evocative urban dramas of **Masahiko Matsumoto,** one of the leading lights of the Japanese alternative-comics movement known as "gekiga." Originally published in 1974, these eleven stories now form the first English-language collection of Matsumoto's mature work. His shy, uncertain heroes face broken hearts, changing families, money troubles, sexual anxiety, and the pressures of tradition, but with a whimsy and lightness of touch that is Matsumoto's trademark.

THE JEKYLL ISLAND CHRONICLES (BOOK ONE): A MACHINE AGE WAR

writer **Steve Nedvidek, Ed Crowell, and Jack Lowe**
artist **Moses Nester** • artist **S.J. Miller**

At the beginning of the 1900's, 1/6th of the world's wealth vacationed in and around the tiny Georgia island of Jekyll. Captains of Industry like Rockefeller, Vanderbilt, Morgan and Carnegie all called the Jekyll area home. Using this place of grandeur and elegance as a backdrop, an alternate history is explored between the World Wars. A time of great social, political and technological upheaval. A time of ingenuity and anarchy. A time for some of the most brilliant, and horrible, minds of the 20th century to confront each other. And a time of great new heroes and fantastic new machines.

The Jekyll Island Chronicles: A Machine Age War is the first in a series of graphic novels. Part historical fact, part clockwork, and part diesel punk, they span an age of furious advancement in machine technology while exploring the span of man's soul – whether evil or good.

THE ADVENTURES OF DIETER LUMPEN

writer **Jorge Zentner** • artist/cover **Ruben Pellejero**

Dieter Lumpen is a man of the world, an adventurer who wants no part of adventure. Nonetheless, he is swept along to exotic locations from Turkey to the Caribbean, from China to Venice. He is not quite so hard-boiled as the typical adventure hero. As written by Zentner, Dieter's irony is gentler, more subtle, more reflective, and more tongue-in-cheek than hard or bitter. Pellejero is simply one of Europe's top comics artists, who was chosen for the plum job to illustrate the new adventures of Hugo Pratt's *Corto Maltese*. *Dieter Lumpen* began in 1981 and continued until 1994.

This definitive omnibus collects all eight short stories and the three graphic novels with a foreword by **Tim Sale**.

CHRISTINE DINH
BOOM! Brand Communications Manager

Tell us a little bit about yourself! What are you currently working on?

I'm Christine Dinh, BOOM! Studios Brand Communications Manager. I handle our e-book publishing, book market marketing, convention programming, BOOM!'s overall branding initiatives, and anything else I want to get my hands on! I'm currently working on marketing initiatives for *Mighty Morphin Power Rangers*, the upcoming *Jonesy* from Sam Humphries and Caitlin Rose Boyle, *Goldie Vance* from Hope Larson and Brittney Williams, as well as TONS of incredible projects we haven't announced yet!

In your opinion, how has the comic book industry evolved in terms of gender?

I can only speak for my own experiences, and what I've witnessed around my close peers. A lot has changed since I started working in the comics industry seven years ago, but we still have some way to go. It's no secret that women are largely underrepresented in comics, but this is a problem across several industries. We've seen a concentrated effort in having companies and books reflect the world we live in instead of the longstanding status quo, and I don't see this stopping. One of the reasons I joined BOOM! is that our staff is equally split — 50% women and 50% men — and you can see the impact of staffing in the variety of books the company puts out.

ASHLEY WITTER
Comics Creator

Tell us a little bit about yourself! What are you currently working on?

I'm Ashley Witter, I grew up in a small town in Wisconsin and I draw comics for a living. I'm currently working on a comic called *Squarriors*, written by Ash Maczko. It's a story set in a 1980's dystopian world where mankind has disappeared and animals have inexplicably become intelligent. When you look at the cover and title you might think it's a silly comic about squirrel-warriors. It is, in fact, very dark and will make you weep. It's also incredibly gory — but it has a lot of heart, too. So please, check it out! I'm a writer and illustrator. I'm currently working on writing *Bravest Warriors* for BOOM! and *Edward Scissorhands* for IDW. I'm about to start on the next *Adventure Time* graphic novel and have a few original titles in the work. I also do webcomics under the name *Kate or Die!*

In your opinion, how has the comic book industry evolved in terms of gender?

Someone had said to me once that there aren't enough women in the comic book industry. I don't think that's true. I think there's a ton of women doing comics. There's just not as many of them doing comics professionally. If I had to make a wild guess, I would say that this industry is highly competitive. That isn't to say women aren't competitive, I think they'd rather just cut the bull and get right to telling stories.

SABINE RICH
Comics Artist

Tell us a little bit about yourself! What are you currently working on?

I'm a French/British freelance artist and I live in Berlin. I'm currently working on interior colors and covers for *Lady Death*. Covers for Zenescope Entertainment, JP Roth, and I'm also doing color work for *Lady Mechanika* and work on different things that come up. I've also got some personal projects in the works that I'd like to make some progress on this year.

In your opinion, how has the comic book industry evolved in terms of gender?

Well, I haven't been in the comic industry very long, but I definitely feel there continues to be a lot more females working in the industry and also just more females interested in comic books as well. Which I think helps the industry to continue to evolve and opens it up for more genres that appeal to a greater audience. Which is always good! :)

But beneath all the selfishness, absurdity, bungling crocs, and bazooka-wielding ducks, Rat, Pig, Goat, and Zebra continue to find that friendship can make life warmer, humor can make stupidity less annoying, and cheese really does make everything way, way better. JAMES JOYCE: PORTRAIT OF A DUBLINER: A GRAPHIC BIOGRAPHY HC

(W/A) Alfonso Zapico (CA) Jeff Zapata

Winner of Spain's National Comic Prize, here is an extraordinary graphic biography of James Joyce that offers a fresh take on his tumultuous life. A rebel and nonconformist in Dublin and a harsh critic of Irish society, Joyce left Ireland in self-imposed exile with his wife, moving to Paris, Pola, Trieste, Rome, London, and finally Zurich. He overcame monumental challenges in creating and publishing *Dubliners*, *Portrait of an Artist as a Young Man*, *Ulysses*, and *Finnegans Wake*. With evocative anecdotes and hundreds of ink-wash drawings, Alfonso Zapico invites the reader to share Joyce's journey, from his earliest days in Dublin to his life with his great love, Nora Barnacle, and their children, and his struggles and triumphs as an artist. CINEMA PURGATORIO

In a world of used ideas spun out into unending single-premise sagas and told in full cyber-enhanced Technicolor, unapologetically we offer up *Cinema Purgatorio*, a black and white horror anthology which reaches for something both new and startling beyond the endlessly recycled characters and concepts of the 60s and the 70s. An anthology, to let its authors exercise the discipline and the invention that only short stories can provide – and out of which the vast majority of today's memorable franchises were created – and black and white in order to impose that selfsame discipline upon its artists by removing the alluring camouflage of colour and requiring the same values that the classic comic illustrators made their byword. Why shouldn't the 21st century enjoy the craft and quality that the E.C. and Warren luminaries managed, but with an originality and freshness born entirely of our anxious present and uncertain future? Why shouldn't the world once more have horror stories which compel their audience to tremulously tell themselves "It's just a movie; just a film"?

Cinema Purgatorio is an unholy resurrection of the backstreet bug-hutches and fleapits practising their eerie silver mesmerism on our post-war predecessors, drenched in atmosphere and other less identifiable decoctions. The threadbare arenas to a generation's adolescent fumblings and upholstery-slashing rage alike, these peeling Deco temples were the haunted, flickering spaces where were bred the dreads and the desires of those Macmillan days; Eisenhower nights. Varnished with blood and Brylcreem, in our razor-collared cutting edge collection we restore the broken-bulb emporiums where, in the creaking backseats, modern terror and monstrosity were shamelessly conceived. In our worn aisles and glossy pages the most individual and inventive talents in contemporary comics are delivering a landmark midnight matinee in monochrome, intent on pushing both the genre and the medium beyond their stagnant formulas and into shapes that suit the unique shadows and disquiets of our present moment.

Take your curling ticket from the withered and embittered woman in the booth, regard uneasily the lobby cards for movies recalled vaguely from a clammy dream, then, if you dare, follow the failing flashlight-puddle of the usherette on down into a different kind of dark.

–Alan Moore

About: Singer and song writer Max Bemis of Say Anything spins a fresh tale of terror in the pages of Crossed: Badlands! In a world overrun by madmen and maniacs, how can anyone hope to survive with their sanity intact? When two brothers survive, one human, one Crossed, the family dynamic can be heartbreaking. Siblings are a blessing and a curse. Jack discovers that a lifetime of hatred by his troubled brother can turn into an instant of misery in a Crossed world. Three very different people come to terms with the Crossed infection as a strange love triangle plays out once more further fracturing the dysfunctional family dynamic between brothers. The lessons of a Crossed world are taught in tainted blood in "Shrink" – a new terrifying story of loss and misery. There is no help, there is no hope. There is only the Crossed. This volume collects issues #87-92 of the ongoing Crossed: Badlands series.

A hilarious and gory tongue-in-cheek story, *Toe Tag Riot* is a punk rock band cursed to become zombies who make the best of their situation by adhering to a strict diet of racists' and misogynists' brains! Starring Andy Hurley of *Fall Out Boy* and The Westboro Baptist Church (as dinner!), this horror-comedy in the vein of *Return of the Living Dead* and *Deathgasm* was released to rave reviews from both the comics media and LGBTQ new outlets who couldn't get enough of the ultra-violent, politically-minded fun and gore. Coming to book form for the first time, this collection includes the four-issue mini-series plus the super-limited #0 prequel issue and the short comic originally published in *Alternative Press Magazine*! WHAT'S TO LOVE

We're so thrilled by the response to our ***Mighty Morphin Power Rangers*** comic series that we wanted to focus on some of the individual Rangers and let them shine in their own stories. First up is a series centered around Kimberly Hart, the Mighty Morphin Pink Ranger, and who better than *Batgirl* and *Gotham Academy* writer Brenden Fletcher and *A-Force* and *Jem and the Holograms* writer Kelly Thompson to bring it to us!

WHAT IT IS

Kimberly has retired from the Power Rangers to pursue life as a professional gymnast, but Zordon calls her back for one last mission to defend a mountainside where a long-resting, ancient, evil Zord lies dormant. To get back into the action—and, for the first time, lead her own team—Kimberly has to dust off the rust, plus create a practical, handmade outfit in the process!

WHAT'S TO LOVE

From *The Godfather* to *The Sopranos*, organized crime stories have always fascinated us. ***Weavers*** is a macabre story with a twist on the familiar drama of dons, capos, and made men, mixing in supernatural elements that only writer Simon Spurrier *(The Spire, Cry Havoc)* could think up. It's perfect for fans of ***Day Men*** or *Scalped!*

WHAT IT IS

Sid, a young man with nothing going for himself, becomes an unlikely new addition to The Weavers, a brutal, East Coast crime family whose members are bound to loyalty thanks to the supernatural spider inside each one of them, granting them powerful—and often grotesque—abilities. Once he realizes what he's capable of, Sid sets out to pursue his own secret agenda, counter to the group's objectives. But he doesn't have much time—the longer the spider is inside him, the more loyal he becomes to The Weavers...

Illustrated by **Miles Hyman**
Cover by **Miles Hyman**
$29.99 • 168 Pages • Full Color • 6.875" x 10.25"

WHAT'S TO LOVE

This gripping graphic novel adaptation of the highly acclaimed book by James Ellroy, ***The Black Dahlia***, delves deeply into one of the most haunting unsolved crimes in American history. Award-winning filmmaker David Fincher *(Gone Girl, Zodiac)* and acclaimed storyteller Matz *(The Killer)* worked at length to preserve much of Ellroy's original dialogue while bringing the stark images of 1940s L.A. to full, living color with illustrator Miles Hyman.

WHAT IT IS

LAPD investigators Bucky Bleichert and Lee Blanchard find themselves enthralled with the mysterious and brutal murder of a beautiful young woman, Elizabeth Short. Their obsession takes a dark turn as they delve into the underbelly of Hollywood and the heart of the dead woman's tortured and twisted past. It is a case that will test their mettle and their sanity.

> "Ellroy creates a kaleidoscope of human passion and dark obsession."
> —***Library Journal***

> "A great book is one that makes me re-evaluate what I'm doing, dig deeper, try harder, raise my own bar. But James Ellroy's ***The Black Dahlia*** was something else entirely, far more than just a great book. It changed my life."

$19.99 • 192 Pages • Black & White • 5.75" x 7.875"

WHAT'S TO LOVE

For our first prose novel spinning out of the ***Big Trouble In Little China*** universe, we went to self-professed fan, movie expert, author, and RiffTrax writer/performer Matthew J. Elliot, and he wrote a pillars of heaven-shaking adventure set in Cold War Russia that was simply perfect for Jack Burton and company. Taking place days after the film ends, (and if you're following along in our comics, it's set after Jack meets the monster on his truck but before he attends Wang's wedding), you can relax: a new Jack Burton adventure is here with ***Big Trouble in Mother Russia!***

WHAT IT IS

Ol' Jack Burton is back, and he brought some old friends, and a few old enemies along for a brand-new adventure in a brand-new setting. A lot of people want to get their hands on Jack, including the KGB, the Russian mob, and his old enemies from ***Big Trouble in Little China***, the Wing Kong. WHAT'S TO LOVE

New York Times bestselling author Kate Leth *(Adventure Time: Seeing Red; Patsy Walker, A.K.A. Hellcat!)* and artist Matt Cummings *(Adventure Time)* combine a deep love of *Sailor Moon* with the tongue-in-cheek humor of *Scott Pilgrim*. ***Power Up*** is the story of the most unlikely people (and goldfish) taking on the roles of Magical Girls, whether they want it or not.

WHAT IT IS

It has been foretold that four noble warriors of incredible strength would be gifted with cosmic abilities at a moment of planetary alignment...which, yeah, something definitely went wrong here. Amie is a disaffected twentysomething with a lot of attitude, Kevin is a washed-up athlete way past his prime, Sandy's a mother of two teenagers, and Silas...is a goldfish. Just a normal goldfish. Are we sure we read that prophecy right? Collects the complete limited series.

(W/A) Comfort Love, Adam Withers
The year is 1996, and Uniques — people born with incredible powers — have changed the world. In the wake of a horrible disaster, seven teenagers step forward to take up the torch carried by generations past and try to find their own voices and chart their own path in a world where the super is common but heroes are not. From the minds of 6-time Harvey Award nominated husband-and- wife creators Comfort Love and Adam Withers, *The Uniques* is a superhero story about growth and becoming, following the course of seven characters' lives as they change the world and the world changes them. KINGS QUEST #1 CREATOR INTERVIEWS

FEATURED ITEM

KEITH DAVIDSEN: KINGS QUEST brings together some familiar allies from the King Features family – namely, Flash Gordon, The Phantom, and Mandrake the Magician – and partners them with both new characters and time-displaced classics like Prince Valiant. What excites you about this strange mix of characters?

HEATH CORSON (co-writer): You hit it on the head when you say a "strange mix of characters." I love ensemble pieces. I love it when personalities that are completely unsuited for each other crash together and make sparks. We guarantee sparks. Big bright, fire-starting sparks.

BEN ACKER (co-writer): Heath hit it on the head when he said you hit it on the head. There's gonna be a lot of hitting on the head in this series. It's a space opera with a knight and a stage magician! That's amazing. Come on. So exciting.

DAN McDAID (artist): From a visual point of view, I like how they kind of don't go together... but also kind of do. There's something really primal and rich about their look; it's pure comics to me. And after working on a lot of very dark, heavy books, I really wanted to draw something with a bit of that "gee whiz" factor, something with excitement, energy, and optimism. This book - and these characters - answers that call.

KD: Do you have a favorite character among the cast, and why does that person stand out to you personally?

HC: I love writing Mandrake - he's a performer at heart. He wants applause and awe and wants you to be super-impressed with how brilliant he is, but doesn't want you to see how the trick is done... In that sense, he's a writer.

BA: Jen, the reluctant heir to the Phantom mantle, is my favorite. She will tell you ten reasons why she isn't interested in being a hero while beating the bad guy and saving the planet. She's so cool.

DM: Mandrake probably, because he's such a louche-looking bastard. The one I'm most daunted to draw is The Phantom, because he's got a terrific look, but it's a very spare look - not much in the way of details or texture. So from an artist's point of view, there's nowhere to hide; he's either going to look right or wrong. No in-between. But it changes. They're all great characters, and my favourite varies from scene to scene.

KD: Flash, The Phantom, Prince Valiant, Mandrake... these are heroes perfectly suited for action. When you think visually of the kinds of situations that the script will call for, what are you most excited to see visualized in the upcoming series?

HC: I'm thrilled to see artist Dan McDaid's take on each character's unique form of combat, especially since each of them handle it in a radically different manner. (Spoiler: There's a TON of awesome fighting in this series!) What I've seen so far of Dan's stuff just takes my breath away. Too good!

DM: BIG action, BIG adventure. And seeing our heroes mixing it up in environments where they don't belong: Mandrake in the jungle, Phantom on the prow of a starship. That incongruity is a lot of fun, and from an artist's point of view, incredibly exciting to draw. And there's a lot of big visuals in the first issue, some huge, unexpected moments. When I was helping to block out the action sequences I had an idea for Prince Valiant that got me really stoked... I don't want to go into too much detail, but it's a really nice beat. And the character essentially suggested it to me. It's what he would definitely do in that situation - something brave and wild and a little nuts.

BA: Dan McDaid is the real hero.

KD: Why do you think comic fans should pick up KINGS QUEST? Also, is there anything else in pop culture now (comics, movies, television) which you feel is similar in feel / concept?

HC: I think KINGS QUEST is the most like that one time you made that huge hoagie sandwich made up of everything that you liked and right before you took your first bite, you held your breath and really hoped that it was good... and then it was one of the best things you ever ate. Ever. It's going to be exactly like that.

BA: Did you see the second season of Fargo? Man, all the actors in that were doing career-best work. If everything goes right, I think Flash and Mandrake and Valiant and Phantom will be doing some of their best work here.

DM: I was going to come up with this long, convoluted answer about how it's a book with rich characters, great action, humour, bags of invention, energy and drama, but really it comes down to: it's the best team in comics working on the best characters in comics. What more could you ask for?

WHAT IS SMOSH?

FEATURED ITEM

KEITH DAVIDSEN: Your offbeat sense of humor and wild imagination have amassed a legion of fans! What should SMOSH fans expect, now that your misadventures are coming to comics?

SMOSH TEAM: We couldn't be more excited to share SMOSH Comics with our fans and especially the "Smoshers" who've stuck with us over the past 10 years. Long time viewers will be excited to see some of our oldest characters come to life in their own stories over several issues -- allowing us to delve into their ridiculous personalities beyond what we're able to surface in our 3-4 minute sketch videos. The opportunity to explore creating content in new ways with our characters has been the driving factor behind many of our recent projects, and we're thrilled to provide another way for our audience to get the SMOSH content they crave.

KD: The first story arc of the new SMOSH comic book series focuses on "Super Virgin Squad"! Where did this concept come from, and what makes it the perfect introduction to SMOSH in comics?

SMOSH TEAM: Smosh fans will recognize lovable dweebs Stevie, Billy, and Paulie from our sketches, mobile games (Food Battle: The Game, Super Head Esploder-X), and animated series, "Smosh Babies," but SUPER VIRGIN SQUAD will be the very first time we're bringing them all together! We've always wanted to bring these three fan-favorites into a sketch together, but felt we needed more than our typical 3-4 min video to do the idea justice, and have been sitting on the concept waiting for the right opportunity. In addition to having waited, like, forever, to share Super Virgin Squad, we felt following along the misadventures of these hopelessly oblivious, female-repelling, super nerds would be just relatable and ridiculous enough to offer up as our comics debut!

KD: How would you describe these archenemies? What fuels their continuing animosity?

SMOSH TEAM: Benny Jean and That Damn Neighbor have a hilarious, neighborhood rivalry that takes place in their redneck suburb. Benny Jean wants to live his simple life without any interruptions while That Damn Neighbor uses his mysterious cover as a means to mess with Benny Jean at every turn. That Damn Neighbor has always been weirdly obsessed with stealing Benny Jean's possessions -- particularly his beloved pink lawn flamingo -- but in the THAT DAMN NEIGHBOR comics, things get personal!

KD: Another fan-favorite creation, "Boxman", will make his comics debut in the second story arc. What do you love about this corrugated character?

SMOSH TEAM: Boxman is not only one of our very first and most iconic characters, born out of a non-existent special effects budget and the star of several of our videos circa 2006-2010, but is also still one of our most popular and frequently requested. After taking a short break from videos, BOXMAN is back -- in SMOSH Comics! -- fighting crime with his newly-found Box-abilities! He's an interesting superhero character as he doesn't have the coolest powers, but they're just weird enough to get him and his friends out of trouble!

KD: What do you consider to be the biggest draw for curious newcomers to pick up SMOSH comics? What'll keep 'em coming back for more?

SMOSH TEAM: ○ Whether you've been subscribed to our channel on YouTube for 10 years, spotted us for the first time with SMOSH: The Movie on Netflix, or consider yourself someone with an odd, self-aware, sense of humor, we think you will enjoy picking up SMOSH Comics!

The last humans on Earth face Neanderthal hordes and the bastards who started this whole mess. Can there be a solution? A death. A compromise. A lie. The big twist comes. Check out the thrilling series finale from Rick Remender (Black Science, Deadly Class), self-described as "a heavy dose of high-octane action, character drama, a world of strange reverse mutations, and social commentary – as we follow the last tribe of humans inoculated from the devolution agent as they set out on a desperate journey to try to find a way to re-evolve life on Earth."

KLAW GN

Recommended by Trevor Richardson

Originally published in French and available in the US for the first time this May, *Klaw* is everything fans of Magnetic Press have come to expect. Joel Jurion's art is clean and captivating, the story by Antoine Ozanam is high concept but still accessible, and the book which collects "The First Cycle" is printed in a deluxe hardcover.

Klaw begins with Angel Tomasson discovering he has the power to transform into a were-tiger, a fact that any teenager might find exciting until, of course, someone ends up dead. In the hands of a different creative team, this would be the main focus of the story, exploring the typical tropes of teen werewolf fiction, substituting Calvin's best friend for the standard wolf and likely arriving at an equally standard ending. However, this is not your usual creative team and their book has so much more to offer.

Angel has his share of problems — a mouthy best friend, bullies, and an unrequited crush are just the beginning. He has an unusual number of "uncles," a mysterious bodyguard, and a lot of unanswered questions about his father's "business" even without that whole were-tiger thing. Angel's newfound abilities open him up to a secret war between the mob, the FBI, and clans of ancient warriors able to channel the spirits of the Chinese Zodiac. More twists, betrayals, and surprising characters continue to up the ante as this graphic novel shapes into an exploration of more fiction forms than you might care to count, ranging from ancient mysticism, crime dramas, science fiction, masked superhero adventure, martial arts flick, and that is still just the First Cycle.

Every time you think you know what you're in for, Klaw surprises you with a new twist and by the time you've reached the end you'll be hungry for the Second Cycle.

Catland Empire melds the sensibility of a Philip K. Dick novel with a Saturday morning cartoon. There will exist a future world where "human beings have become empty husks stripped of all memory when it comes to things like how to have fun and play games," or so says Mr. Space to his associate Mr. Time. What follows is a tangled web of psychedelic science fiction blending anti-consumerist politics and intergalactic liaisons between cats and dogs — bitter enemies kept secret from each other to avoid a planetary race war. MAKE ME A WOMAN HC

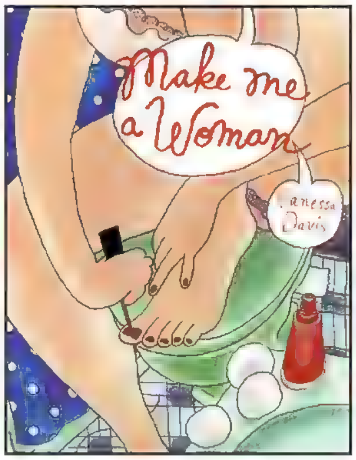
(W/A/CA) Vanessa Davis



It's easy to understand why Vanessa Davis has taken the comic industry by storm: her comics are pure *chutzpah*, gorgeously illustrated in watercolors. No story is too painful to tell — like how much she enjoyed fat camp; Nor too off limits — like her critique of R. Crumb; Nor too personal — like her stories of growing up Jewish in Florida. Using her sweet-but-biting wit, Davis effortlessly carves out a wholly original and refreshing niche in two well-worn territories: autobio comics and the Jewish identity. Davis draws strips from her daily diary often centering on her relationships with men, her mother, and eventually her long-time boyfriend. (STK423641)

MELODY: THE STORY OF A NUDE DANCER GN

(W/A/CA) Sylvie Rancourt

In 1980, Sylvie Rancourt and her boyfriend moved to Montreal from rural Northern Quebec. With limited formal education or training, they had a hard time finding employment, so Sylvie began dancing in strip clubs. These experiences formed the backbone of the first Canadian autobiographical comic book, *Melody*, which Rancourt wrote, drew, and distributed. The Rancourt drawn-and-written comics have never before seen English publication. These stories are compelling without ever being voyeuristic or self-pitying. Rancourt shares a world that, in someone else's writing, might be scandalous or seedy, but in hers is fully realized, real, and often funny. (STK678928) (C: 0-0-1)

STEP ASIDE, POPS: A HARK! A VAGRANT COLLECTION HC

(W/A/CA) Kate Beaton
Ida B. Wells, the Black Prince, and Benito Juárez burst off the pages of *Step Aside, Pops: A Hark! A Vagrant Collection*. Kate Beaton's second D+Q book brings her hysterically funny gaze to bear on these and even more historical, literary, and contemporary figures. Irreverently funny and carefully researched, no target is safe from Beaton's incisive wit in these satirical strips. Beaton returns with a refined pen, ready to make jokes at the expense of hunks, army generals, scientists, and Canadians in equal measure. With a few carefully placed lines, Beaton captures the over-the-top evil of the straw feminists in the closet, the disgruntled dismay of Heathcliff, and Wonder Woman's all-conquering ennui. O/A SUPERMUTANT MAGIC ACADEMY GN

(W/A/CA) Jillian Tamaki
Jillian Tamaki is best known for co-creating the award-winning young adult graphic novels *Skim* and *This One Summer*, moody and atmospheric bestsellers. *SuperMutant Magic Academy*, which Jillian has been serializing online for the past four years, deftly plays superhero and high school Hollywood tropes against what adolescence is really like: the SuperMutant Magic Academy is a prep-school for mutants and witches but their paranormal abilities take a back seat to everyday teen concerns. This volume combines the most popular content from the webcomic with a selection of all-new, never-before-seen strips that conclude Jillian's account of life at the Academy. (STK668388)

TANK GIRL: TWO GIRLS ONE TANK #1

Recommended by Trevor Richardson

Martin
Parson
TANK★GIRL
TWO GIRLS ONE TANK

Tank Girl feels like going on an anarchistic bender with that one delightfully inappropriate girl from high school that sort of scared me and sort of made me think I was in love. If Mad Max, Alice in Wonderland, and Hunter S. Thompson experienced a transporter malfunction on the starship *Enterprise* and came out as one singular individual, she would probably look a little bit like the "Putrid Princess of the Outback." Slogans like "Only Anarchists are Pretty" and "Elvis is a Stiff" feel right up there with Alice's smock emblazoned with the cryptic note "Eat Me" or Raoul Duke's "Buy the Ticket, Take the Ride."

And what is the ride? In Titan's newest *Tank Girl* story arc, "Two Girls One Tank," the mythic vehicle has been nicked by a rival tank wannabe and the race is on to reclaim property and pride of place. The story is fun, but it's the little profane touches and the incendiary background graffiti that make the bandolier-wearing, motor oil-guzzling characters really feel at home in this world.

It's a wasteland, but it's not a cultural wasteland, and like that angry, brilliant, anarchist girl in high school, behind the attitude is a thought-provoking individual with way more to say than all the boys on campus.

Furie's wildly popular teenage weirdoes became an internet sensation when Pepe the Frog was adopted by users of 4chan, giving *Boy's Club* built-in recognition. *Boy's Club's* sense of humor will especially resonate with fans of stoner comedies and black humor.

When Hippo left the zoo, he was ready for adventure! But is he ready for his first job? The zoo isn't what it used to be. It's run-down and falling apart. Hippo hardly ever gets any visitors. So he decides to set off for the outside with his friend Red Panda. To make it in the human world, Hippo will have to become a Hippopotamister: he'll have to act like a human, get a job, and wear a hat as a disguise. SOMETHING NEW: TALES FROM A MAKESHIFT BRIDE GN
(W/A/CA) Lucy Knisley
In 2010, Lucy and her long-term boyfriend John broke up. Three long, lonely years later, John returned to New York, walked into Lucy's apartment, and proposed. This is not that story. It is the story of what came after: The Wedding. DIY maven Lucy Knisley was fascinated by American wedding culture... but also sort of horrified by it. So she set out to plan and execute the adorable DIY wedding to end all adorable DIY weddings. And she succeeded. This graphic novel is the story of how Lucy built a barn, invented a whole new kind of photo booth, and managed to turn an outdoor wedding on a rainy day into a joyous (though muddy) triumph. Outmanned, outgunned, out of time and out of luck The Six'll need a miracle to survive this one. Miracles don't come cheap - and neither does freedom. The adage goes, "freedom isn't free," but The Six just didn't know the cost could be so damn high and it's going to take every prayer in the Good Book for McQuade and the boys to keep Sara and Shaun alive. And for them to do that the trick is they have to keep on breathing too. With the Cartel tightening their grip and closing in every second that's going to be one motherf'n tough trick to pull off.

So... Tell me about love. Today is Chris and Laura's one year anniversary. I can't imagine this time last year Chris was thinking, "you know what, a year from now, I bet my relationship with Laura will have completely fallen apart, I'll be harboring a zombie girl named Jessica in a storage locker, occasionally murdering innocent folks to feed her, and I'll have no exit strategy from this living nightmare that has consumed my every waking minute." And yet... here we are. True love is dead in 451's Self Storage #5.

(W) Veronique Grisseaux, Catel
(A/CA) Catel

Lucy has just turned 30, is single, and works as a graphic designer. Surrounded by a circle of married friends or ones starting families, she feels alone and hopeless. Determined to find "Mr. Right" who will solve all her problems, Lucy begins evaluating different suitors to various degrees of success and amid the often absurd situations that can only result from the quirks of everyday life. Creators Veronique Grisseaux and Catel paint a touching, humorous, and realistic picture of what it is to be a young independent woman in today's modern world. A TREASURY OF MURDER HC SET

(W/A/CA) Rick Geary

This specially priced banded set of hardcovers provides an engrossing, illustrated journey into true crime classics of the late Victorian era and early 20th Century, including three works in Rick Geary's increasingly storied treasury of murder — *Famous Players*, about the murder of a prominent silent movie director and resulting scandal in early Hollywood; *Lovers Lane*, the shady date spot where the corpses of a Reverend and a respected townswoman were found holding hands; and one of the most famous assassinations in American history: the murder of Abraham Lincoln. These carefully researched presentations of true crime stories, including bibliographies of research sources, present true facts about famous murders in an entertaining fashion. LOUISE BROOKS, DETECTIVE HC

(W/A/CA) Rick Geary

Stepping away for a bit from his impressive body of work in the *Treasury of Murder* true crime series, Geary creates a fictional story around a favorite actress: Louise Brooks. Spun around her actual brief meteoric career as a smoldering film actress who popularized bangs, Geary fantasizes about her coming back to her home town of Wichita where she becomes intrigued by a murder involving a friend, a famous reclusive writer and a shady beau. Not before she gets herself in great danger will she emerge with the solution the police fail to grasp! (STK670073) (C: 0-0-1)

A TREASURY 20TH CENTURY MURDER: THE MURDER OF STANFORD WHITE HC

(W/A/CA) Rick Geary

Stanford White is one of New York's most famous architects; his influence on New York's look at the turn of the century was pervasive. As he became popular and in demand, he also became quite self-indulgent. He had a taste for budding young showgirls on Broadway, even setting up a private apartment to entertain them in. When he meets Evelyn Nesbit, an exquisite young nymph, cover girl, showgirl, inspiration for Charles Dana Gibson's "The Eternal Question," he knows he's on to something special. However, Evelyn eventually marries a young Pittsburgh decadent heir, setting up the most scandalous murder of the time. (STK620351) (C: 0-0-1)

The next issue takes you into the psyche of our heroin and the stolen bond of her dearest friend, killed in front of her eyes. Donning a disguise, Tae Rayne sets out on her path of revenge. Her eyes locked on mine, her lips formed the word "love" and they cut her throat. All I remember is the blinding rage. They held all my power locked in the Cypher while they killed her… I hid her body in a place I alone know and in the days that followed, I dreamed only of death, trying in vain to scrub the blood from my hands until my own flowed. AGATHA: THE REAL LIFE OF AGATHA CHRISTIE GN

(W) Anne Martinetti, Guillaume Lebeau (A/CA) Alexandre Franc

The life of Agatha Christie was as mysterious and eventful as her fiction. This beautifully illustrated graphic novel traces the life of the Queen of Whodunnit from her childhood in Torquay, England, through a career filled with success, mischief, and adventure, to her later years as Dame Agatha. Revealing a side to Christie that will surprise and delight many readers, Agatha introduces us to a free-spirited and thoroughly modern woman who, among other things, enjoyed flying, travel, and surfing. Centering around an episode in 1926 when Christie staged her own disappearance, *Agatha* is an intriguing, entertaining, and funny exploration of the 20th century's best-loved crime novelist. THE ART MASTERS SERIES VOLUME 3: MUNCH GN

(W/A/CA) Steffen Kverneland

In *Munch*, writer and artist Steffen Kverneland brings the story of one of the world's most influential painters to vivid life. This extraordinary, inventive graphic novel uses text drawn exclusively from the quotes of Edvard Munch and his contemporaries. Filled with authenticity and life, *Munch* debunks the familiar myth of the half-mad expressionist painter — anguished, starving, and ill-treated — and draws out his neglected sense of humor and optimism. Born out of a lifelong fascination with Munch's life and work, this is a landmark of graphic biography and the funniest, most entertaining portrait yet of a complex man and the pioneering artist behind The Scream. RACHEL RISING #42

Recommended by Steven Leaf

I've been a fan of Terry Moore going back to when *Strangers in Paradise* was published by Antarctic Press. Terry has proven to be adept at making the characters and situations in his stories — whether it's being yourself in *Strangers in Paradise* or science-fiction in *Echo* or the supernatural in *Rachel Rising* — believable and a compelling read.

Now almost five years after Abstract Studios introduced us to *Rachel Rising* and a new cast of characters, it's time to see them go. Terry is giving his fans one hell of a sendoff as *Rachel Rising* ends with #42 — Rachel is looking beyond her need for answers and along with Zoe teaming up with Lilith to face Malus and stop an apocalypse that's already underway.

Terry Moore has proven himself to us over the years writing romance, crime, science fiction, supreme super heroics, runaway mutant teen angel, and has shown us how suspense and horror should be done. I know I'm prejudiced, but there isn't a writer/artist who is any better than Terry.

While I'll miss Rachel like I miss Echo and Julie Martin and the whole *SiP* group of Katchoo and Francine, Freddie, Casey, David, and Tambi, I'm sure we will see something new from Terry if for no other reason as Robyn doesn't want him sitting around the house.

Now let me go listen to some Griffin Silver while rereading books from the Abstract Studio library as I wait for that last issue of *Rachel Rising* — but definitely not the last of Terry Moore.

THE VALIANT EVENT OF 2016 STARTS HERE!

FROM NEW YORK TIMES BEST-SELLING WRITER

MATT KINDT

(DIVINITY, MIND MGMT)

AND SUPERSTAR ARTIST

CLAYTON CRAIN

(RAI, CARNAGE)

In the tradition of BOOK OF DEATH, ARMOR HUNTERS, and HARBINGER WARS, Valiant's most ambitious crossover event yet starts here! At the dawn of the 41st century, the future of Earth will be decided in the stars. This May...the rebellion begins in 4001 A.D.!

One hundred years from today, Father - the benevolent artificial intelligence that governs the island nation of Japan - will gain sentience. To defend its borders, Father will take drastic action by launching Japan into space...where its people will thrive in isolation, away from the overpopulated and resource-deprived planet below. Over the centuries, as New Japan orbits our increasingly unstable world, it will become a model society - one built on peace, prosperity...and Father's control.

A thousand years from today, Father will create the first Rai, founding a lineage of technologically enhanced heroes engineered to defend New Japan and sworn to protect it from all enemies. For hundreds of years into the future, the Rai will single-handedly enforce New Japan's justice well...and serve Father without question.

Now, at the dawn of 4001 A.D., the latest Rai is about to inherit the dark truth behind the origin of his kind...and discover the sinister secret at the heart of Father's existence. For New Japan to live, Earth must die...and as Rai challenges his former master for the first time in more than a millennium, the lone guardian of New Japan will be cast out of his own Father's kingdom...

Exiled from the only realm he's ever known, Rai now walks the ravaged world of 4001 A.D. in search of forgotten heroes like himself...on a mission to collect the last surviving legends of a broken planet...and to forge a rebellion with the power to bring the most advanced civilization in history crashing back down to Earth.

4001 A.D.™

FROM NEW YORK TIMES BEST-SELLING WRITER

ROBERT VENDITTI

AND

CLAYTON HENRY

(HARBINGER WARS)

ROCKETING OUT OF THE PAGES OF 4001 A.D...the present and future of Valiant's #1 hero come together for an essential standalone chapter at the heart of the summer's blockbuster comics event!

How did the rise of Earth's most powerful hero lead to humanity's ultimate destruction? Just what was the War of the X-O Manowars...and how did its catastrophic fallout bring ruination and despair to a besieged planet? And why is the sacred extraterrestrial armor called Shanhara the one weapon Father fears more than any other?

The answers to the pivotal questions behind Valiant's planet-shaking summer event arrive here as New York Times best-selling writer Robert Venditti (BOOK OF DEATH) and acclaimed artist Clayton Henry (IVAR, TIMEWALKER) blast two thousand years into the future of the Valiant Universe to reveal the never-before-told future history of New Japan's dominion over Earth...and the doomed role that the X-O Manowar armor was forever fated to play in the coming war for liberation!

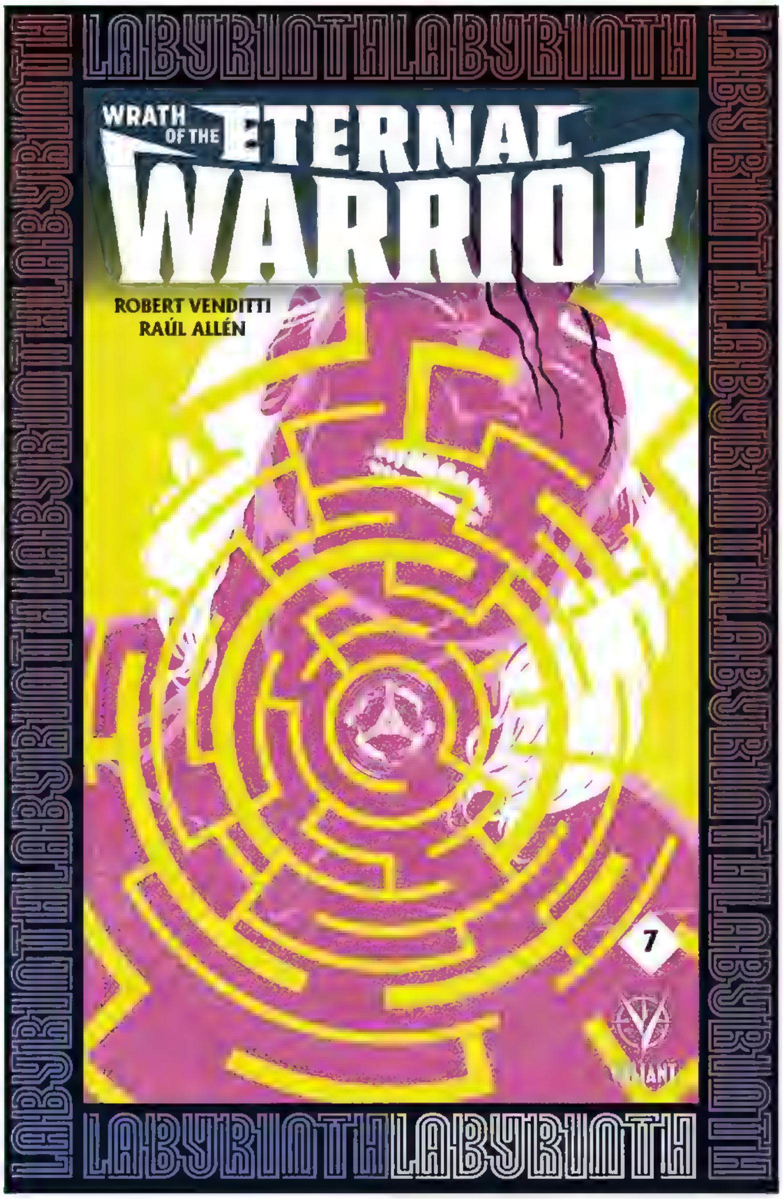
(HAWKEYE)



ALL-NEW ARC! ALL-NEW JUMPING-ON POINT! "LABYRINTH" starts now!

Across six millennia, Gilad Anni-Padda – an immortal warrior sworn to forever serve the Earth – has felled zealots and madmen, emperors and tyrants in the course of his duty. But nothing he's faced yet can prepare him to run the "LABYRINTH" – a miles-long maze of horrors specifically designed to undermine his every strength, enhance his every weakness...and to send him screaming into the darkness of death at every turn. But what kind of brilliant but twisted psyche could have possibly conceived such a monument to terror...and for how many centuries have they plotted to break the mind and body of history's most formidable soldier?

The answer lies at the heart of the "LABYRINTH" itself...and as Gilad endures a gauntlet of cutting-edge technology and sharpened steel, he'll soon discover why the merciless figure known only as THE DYING MAN has singled the Eternal Warrior out for the ultimate deathtrap.

He will run. He will suffer. And when his ordeal is ended, the Eternal Warrior's place in the Valiant Universe will be forever altered as New York Times best-selling writer Robert Venditti (BOOK OF DEATH) and visionary artist Raúl Allén (*Hawkeye*) unleash an all-new epic for Valiant's immortal master of war!

JAMES BOND 007 BACK IN ACTION!
007
GOLDFINGER PORTFOLIO · VOLUME 4

007 MAGAZINE PRESENTS: GOLDFINGER PORTFOLIO #4

Goldfinger is without doubt the most famous, iconic, and memorable of all the James Bond films, and on its release in 1964 it set movie screens alight around the world with a heady cocktail of creativity that became an entertainment phenomenon. From its glittering opening credit titles designed by Robert Brownjohn, accompanied by Shirley Bassey, through to the corpse of an unfortunate woman painted gold, a man with a deadly steel-rimmed flying hat, an Aston Martin DB5, death by laser beam, a larger than life villain, and the golden gleaming cathedral-like interior of Fort Knox. With all these elements its hardly surprising that the heady concoction that is *Goldfinger* impressed so many in 1964, and now, over 50 years later, remains a popular evergreen entertainment for successive generations of film fans and Bond enthusiasts alike. DC COMICS JOKER NEW 52 ARTFX+ STATUE

Kotobukiya's lineup of statues based on the superheroes and villains of DC Comics continues to grow with the addition of one of the greatest comic book villains ever, the JOKER! Capturing the character's iconic look from the New 52, Joker arrives to torment the previously released series of "Batman Family" heroes like Batman, Batgirl, Nightwing, Robin, and Red Hood. The Caped Crusader's archenemy first appeared in comics way back in 1940 and got a very interesting update in the New 52 with a startling appearance and wicked plans for Batman and his allies. Now the Joker is back and more evil than ever in this highly detailed 1/10 scale statue! There's no mistaking the gleeful insanity of the Joker and he shows it off as he leans forward, taunting the Batman with weapons in hand. The psychotic villain wears a snappy black suit with shiny black shoes, a dark gray shirt, black tie, and white gloves. His clothing shifts and creases in his exaggerated pose revealing a slim build and gangly limbs. Joker's bleached white head is accented by his shockingly green hair and the horrific grin on his face with its beady eyes and mouthful of teeth. The Clown Prince of Crime brandishes a knife in front of him while hiding a pistol behind him.

Joker stands just over 7 inches tall (1/10 scale) and like all ARTFX+ statues he has magnets in his feet for extra stability on his included display base. Bring this New 52 villain home for some crazy antics and the perfect contrast to your Batman Family ARTFX+ Statues!

MARVEL NOW ROGUE ARTFX+ STATUE

Kotobukiya's series of Marvel Comics ARTFX+ Statues continues with the latest mutant hero in the Marvel Now lineup that has been taking the world by storm. Now the characters are brought to life as never before based on concept artwork by superstar artist Adi Granov, who was also responsible for the preceding Avengers series. Joining previously released Cyclops, Emma Frost, Magneto, Magik, and Beast is the fan-favorite ROGUE!

The power-absorbing mutant has never looked better, and now Rogue adds a striking dash of green to the Marvel Now X-Men series with this fantastic new ARTFX+ presentation. The mutant heroine stands in a cocky pose with one leg arched forward, her body shifted to the side as she looks directly at the threat with an expression on her face that says she's totally unafraid. Rogue wears bright green pants, a jacket in a slightly darker shade with white piping, thigh high black boots, and white gloves. Her smile radiates her strength and spirit beneath her unique brown and white hair.

Sculpted by the same master artist who did the Marvel Now! Avengers series, Junnosuke Abe, Rogue stands over 7 ½ inches tall (in the ARTFX+ 1/10th scale) with magnets in her feet to provide perfect stability on her included display base. The beautiful and powerful Rogue will make a great centerpiece in your display and the perfect addition to your Marvel Now X-Men collection!

JP ROTH
Writer

Tell us a little bit about yourself! What are you currently working on?

My name is Jo Perfilio my pen name — JP Roth. Obviously, JP signifies the first letter of each of my "mother-given" names, whilst the Roth part, simply came from my brother reading my first manuscript, Ancient Dreams. When he finished he said… "Oh, my god! We are going to be as Rich as the Rothschild's!" I liked that thought, so I adopted the "Roth" to constantly remind me of what I am capable of.

How do you want to see women represented in comic books 10 years from now?

We will be Black Cat, and Batman will be our secret admirer. We will not only be the force driving the hero, we will be the hero. Do you know what the true power of a woman is? Well, I didn't either until my very wise sister told me this: *"The true power of a woman is that we have the strength of a man, the love of a mother, the beautiful guile of a cat, AND the wisdom to know when to use each"*. If that isn't the best explanation, I don't know what is?!

KRISTEN GUDSNUK
Comics Creator

Tell us a little bit about yourself! What are you currently working on?

I'm Kristen Gudsnuk, writer and artist of the comic *Henchgirl*, a comedy/slice of life sendup of superhero comics. It centers on a young woman who can't find a real job, so she works for a supervillain to pay the rent. It's my main project right now.

What stereotypes do you see surrounding women in comics? How could people of all genders go about breaking those stereotypes?

Whenever there's only one female character in a story, by default she becomes a stereotype because she has the burden of representing all women. So the first step of breaking stereotypes is having multiple female characters who A) Are different from one another, B) have their own character arc, and C) influence the overall plot.

A pet peeve of mine — and I'm not sure if it's certain writers concocting their ideal woman, or trying ham-handedly to be politically correct — is the perfect, inoffensive, confident, good-at-everything heroine. I don't relate to her, and her plotlines, by virtue of her overly virtuous characteristics, which are almost always boring. I'm more interested in weakness and flaws, after all. I also get annoyed at the lack of diversity in sexuality, race, and body type in comics. Happily, there are a few comics that are expanding representation in those areas, but they're still somewhat rare.

RACHAEL STOTT
Comics Artist

Tell us a little bit about yourself! What are you currently working on?

Hi! I'm a digital line artist, so I do all of the line art on the books I work on from rough layouts to finished inks. I'm currently over halfway through my first run on the *Doctor Who: The Twelfth Doctor* comic from Titan.

What stereotypes do you see surrounding women in comics? How could people of all genders go about breaking those stereotypes?

To be honest you don't see many stereotypes being used anymore — mostly because I think we're way more conscious as a society now about those issues. It's only ever been a question of educating people, and we're getting better at it. Only very rarely is, say, sexism or misogyny being used maliciously. Normally the person writing or drawing that thing just has a narrow circle of experience of the world, and we have to be mindful of that and understanding. Which is why having a more diverse pool of creators is so important, since you bring that wealth of experience to the work. You end up with better, richer, truer comics, simple as that.

How do you want to see women represented in comic books 10 years from now?

I think we're off to a good start now. Just continue on, with how things are now as just the starting line. I just want to see a really broad range of representation that more accurately depicts the world we live in.

HOLLY GOLIGHTLY
Comics Creator

Tell us a little bit about yourself! What are you currently working on?

Hi! Holly G. here! Native New Yorker, ex-actor, ex-teacher, ex-baker, ex-fashion designer — currently comic book creator and publisher at BroadSword Comics with my husband, Jim Balent. I do colors and all production on Jim's bi-monthly comic *Tarot: Witch of the Black Rose*, I have my own project, *School Bites*, and something secret I started working on too!

What stereotypes do you see surrounding women in comics?

When you are creating and handling a lot of the everyday nuttiness that is publishing, you really don't see what other things are out there... and me, I think that comic books are a place for Archetypes... Gods and Goddesses of all sorts.

How could people of all genders go about breaking those stereotypes?

If there's something you want to see then create it! Personally, I don't enjoy superheroes, I'm not fond of the whole *"got to save the world or doom and gloom"* format, so with my title, *School Bites*, I created a book where friendship, self-discovery and love are the main topics of my stories (and silliness and cuteness). *Sullivan's Travels* is one of my fav movies, and I incorporate it's message that entertaining an audience is the most important thing a creator can do, especially when things are dark and heavy in the world — give a body a little vacation in their brain!

LIZZIE KAYE
Editor

Currently I'm working on our *Assassins' Creed* series, the new *Templars* series, our new *Penny Dreadful* series, and putting things in motion for a couple of very exciting mini-series we have coming later in the year under the *Assassin's Creed* line. On the Euro side of things, I just got the translation for the first volume of *Monika* by Thilde Barboni and Guillem March, a stunning book out later this spring. Also sending the next instalments of the *Lone Sloane* and *Sky Doll* series out into the world, which is great.

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

I've been in this industry in some capacity for six years now, previously with SelfMadeHero, and just over a year now at Titan. Stand out titles for me have been *The Nikopol Trilogy*, *Snowpiercer 3* (which I absolutely loved!) and, of course, everything *Assassin's Creed*. The team on those titles are a pleasure to work with; Anthony Del Col and Conor McCreery are so full of fantastic ideas, and Neil Edwards is turning in some absolutely gorgeous work, with Ivan Nunes on colours. I can't wait for the *Templars* to hit the shelves as Fred Van Lente and Dennis Calero have created something truly special. I'm really proud of what we're doing and so grateful to have such enthusiastic, intelligent and talented teams on the books.

How do you want to see women represented in comic books 10 years from now?

Hopefully gender will be completely irrelevant in 10 years time.

ROBERTA INGRANATA
Comics Artist

I started to work with some Italian publishers like Delos Books and Star Comics. After getting my first experience in my country, I started an international collaboration with different studios like N.A.S Studio, Be Amazing Studio, Fractured Entertainment, and I've published my first story for the online project Bizzare New World, by Skipper Martin, and "Utopia Calling", written by Michael Woods, which in 2015 will be translated and published in Italy on the Italian platform's Verticalismi. I've collaborated with Michael Woods on a second project, not yet published, *Pillow Talk*. Between 2014 and 2015 I started working for Zenescope Entertainment and became one of the drafters of the ongoing *Robyn Hood* series.

Did you have a mentor or hero in the industry that inspired you to pursue a career in comics?

My first comics teacher, Silvestro Nicolaci, made me realize that I could do it. I was seventeen. After him so many people who, without knowing it, inspired me to do more and more, they are very simple people, but hard workers.

In your opinion, how has the comic book industry evolved in terms of gender?

There has definitely been an evolution. I think we still have a long way to go, but the best always comes from difficult moments!
